My name is Daylli Perez Bonilla, I am Marco Perez's daughter. I miss my dad and I wish he was here so that we can go out shopping and to restaurants like we used to. For the past 2 years he's been gone, it felt weird because I'm use to him being around and taking me and my brother out. I hope that he's released soon so that he can see me do good in school and graduate in 2 years. I really want him here so that he can teach me things I haven't learned yet. I love him and I need him in my life.

My Name is Jordin Perez. I am Marco's Perez Son. I am writing this because I haven't seen my dad in a long time and I really miss him. I don't know what's going on with his case but not having a father figure around is sad and weird because my dad and I would always talk about soccer games cars and etc. I miss the times we would go out to play soccer or go out to eat with my little sister. My sister is also having a hard time because our dad could always be there no matter what circumstances and he would always take her out to eat and buy her things she needs. Without him it feels like living hell and he's been gone for too long. I hope you'll can give him a chance because when a love one is gone things aren't the same anymore and I know some of you'll know how that feels. Not trying to be rude.

To whom it may concern

My name is Michelle Brunskill and I am writing you this character letter to tell you about the kind of person that Marco Perez is. I met Marco about 7 years ago when he worked with my husband at an exteriors company. My husband would talk about his friend at work and how he was so good at his job and such a nice guy so I told him to invite him over. When I met Marco it was clear that my husband was right. Marco was very polite, respectful and kind. He was happy to meet myself and our family and proud to introduce his own son. A few years later not long after my husband decided to start his own company he came home so excited because Marco called him and wanted to come work with our company. He said, "he is the best at what he does and will be so great for our company". It was not long after that that our company saw what an asset Marco actually is. He absolutely helped us take our company to the next level with his extensive knowledge in the exteriors trade. Once Marco came to work for us I was able to get to know him a little better. I came to know Marco as a smart, kind and success driven man. We talked many times about his son and how he wants to show his son a good work ethic and be a good example for him. Marco would talk about how his goal was to work hard and provide a good and safe life for his family and make sure his son knew that if he worked hard he could make a good life for himself. I watched as others would reach out to Marco for advice and help and no matter how hard he worked or how long his day had been he was always available to lend a hand to anyone who needed it. In my experience I have found Marco to be a kind, honest hard working man with integrity and I believe that he is the kind of person that deserves the chance to stay in this country because he will only add good things to it. He is exactly the kind of person that we need, kind, hard working and honest. My husband and I have prayed for and with Marco many times and we hope we get the chance to see him achieve all the things he deserves and that you are able to see the great person that our family has come to love and respect for the wonderful human that he is.

Thanks  
Michelle Brunskill

To Whom It May Concern,

I am writing to provide a character reference for Marco Perez. As a small business owner who has worked alongside Marco for approximately 8 years, I can confidently attest to his admirable character traits and outstanding work ethic. I first met Marco when we both worked for the same exteriors company, I worked alongside him at this company for about two years and eventually decided to start my own company. Working with Marco was great because he is so smart and he is one of the best I've ever seen at what he does. Marco is amazing at metal fabrication and installation as well as a master project manager. He is a pretty much a math genius and a master exterior technician. About a year later he came to work for me and having him work for my company helped me get it off the ground and push it to the next level. During our time working together, I have observed Marco consistently display diligence, honesty, and integrity. He has proven himself to be a reliable and responsible team member, consistently meeting and exceeding all expectations. Not only is Marco an amazing carpenter but he is also a great human being. I have watched him work so hard to make a life for himself and his son while still reaching out to help anyone he thought needed a hand. He is not only an extremely skilled worker but also a kind hearted man. Our company has definitely not been the same without him. I have no doubt that if given the chance, Marco will continue to be an asset to the community and contribute positively to society.

Sincerely,

Jacob Brunskill

To Whom It May Concern:

My name is Aaron Samuel Krupp, and I am writing in support of Marco Perez Flores. I am a US Citizen and I live at 1849 Danby Road in Ithaca, New York. I work as an engineer on water systems, as an instructor at Tompkins Cortland Community College, and am the Regional Coordinator of an organization, Justice for Migrant Families, that offers support to immigrants. I came to know Marco as a valued community member through communication with him while he has been in Batavia.

I believe that people's character is demonstrated in times of adversity and challenging circumstances. Throughout his time in detention Mr. Perez Flores has demonstrated personal dignity and respect for himself and others. It would be a devastating loss if he were to be deported, for his immediate loved ones – including his US Citizen children and his young US citizen grandchild – and his extended community.

In every communication that I have had with Mr. Perez Flores, he has expressed kindness and understanding, despite the many difficulties he has faced in his life. Indeed, the first time I interacted with Mr. Perez Flores he was reaching out to request support: not for himself but for five other folks detained in the Buffalo Federal Detention Facility who did not have family or support systems in the US; folks in a position even more vulnerable than his.

It having spoken on the phone with Mr. Perez Flores and visited with him in person, it is clear to me that he is doing his utmost to be able to return to his family and community as a changed person. While being incarcerated, Mr. Perez Flores has been attempting to improve himself so that he can show up in all of his relationships with kindness and respect. Examples of this self-betterment include his completion of courses on domestic abuse, anger management, and drug and alcohol abuse.

In addition to these personal-life focused courses, Mr. Perez Flores has also been striving to become a better worker and workplace supervisor. Towards this end, he has also completed courses in construction safety, OSHA inspections, safe handling of off-road vehicles, electrical safety, emergency first aid, fire evacuation, and the recognition and prevention of child abuse for supervisors. It is clear that Mr. Perez Flores is deeply committed to becoming a person who others can count on to have everyone's safety in mind.

I believe that it would be in the best interest of the greater New York community if Mr. Perez Flores was to remain amongst us and together with his family. In my role working with immigrants, I bear close witness to the struggles that they face and all that they overcome, and I believe that this kind of persistence, hard work, positive attitude and ability to face challenges enrich all of us, and I ask that you give Mr. Perez Flores a chance.

I declare under penalty of perjury that the foregoing is true and correct,

Sincerely,
